## Foreword from Rajiv Datta, CEO

Welcome to our latest quarterly network rollout report.

As we look back on Q3, I am pleased to share that our network now reaches 1,557,000 premises across the UK, all ready for service.

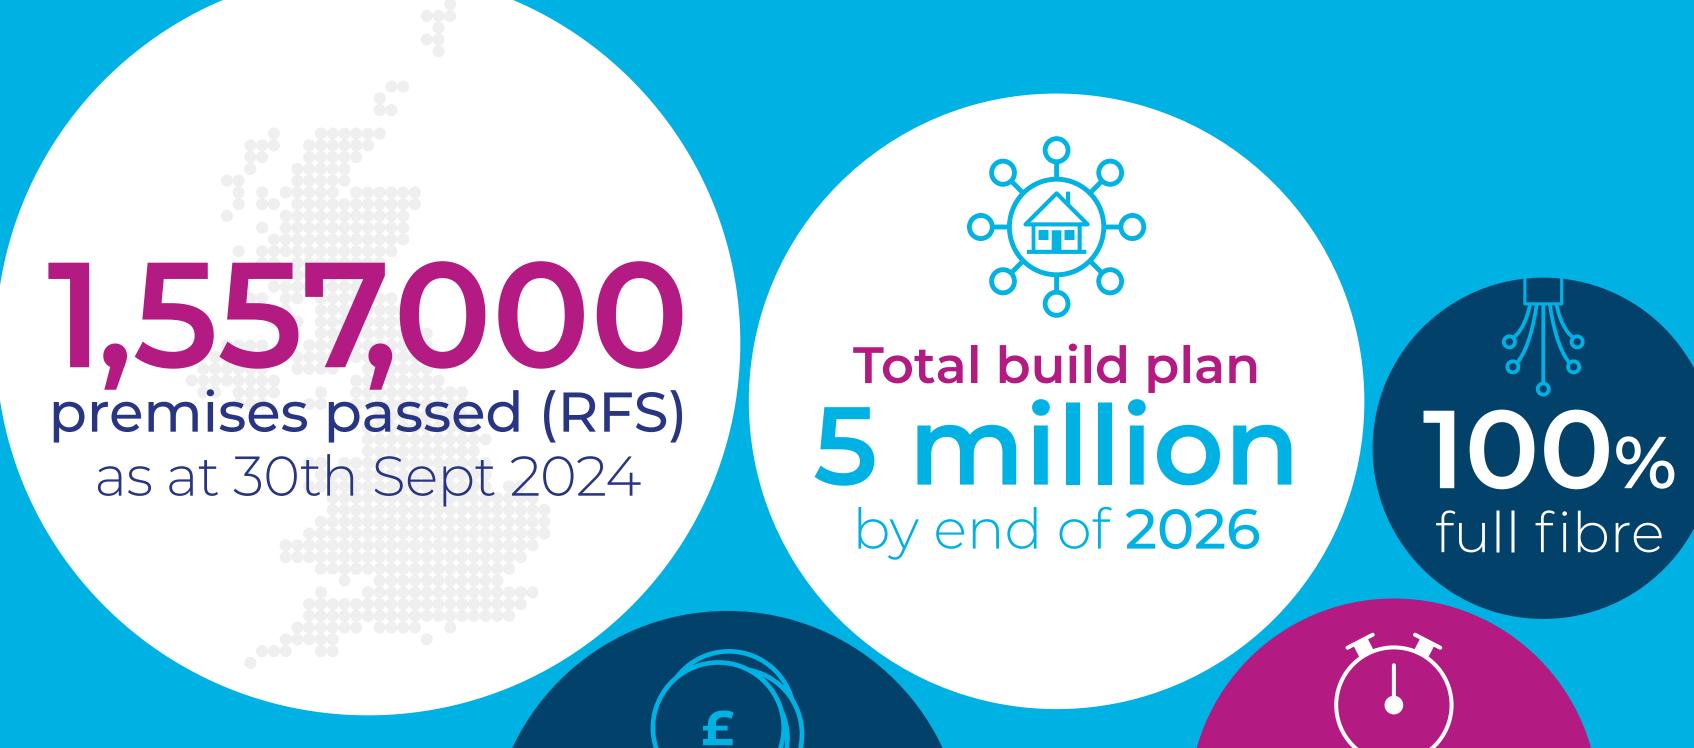

Supported by a clear strategy and £4.5 billion in funding from world-class investors – InfraVia Capital Partners, Liberty Global, and Telefónica,

this continued progress once again reflects our ability to deliver at scale and pace.

These accomplishments are a direct result of the dedication and hard work of our team, partners, and investors, whose collective efforts have enabled us to accelerate our rollout and reach new milestones.

We remain steadfast in our commitment to expanding digital access, empowering individuals and businesses to fully participate in the digital economy, and contributing to a more connected and prosperous society.

nexfibre is a next generation fibre network operator, formed in December 2022. We are on a mission to deliver our network to more premises, using the latest XGS-PON architecture, capable of symmetrical speeds of up to 10 Gbps.
